

ISRS 2018

International Symposium on Remote Sensing 2018

20
18

9 – 11 May 2018

Alpensia Convention Center
PyeongChang, Korea
(<http://www.isrs.or.kr>)

Organized by

- The Korean Society of Remote Sensing(KSRS)
- The Chinese (Taipei) Society Photogrammetry and Remote Sensing(CSPRS)
- The Remote Sensing Society of Japan(RSSJ)
- The Environmental Monitoring from Space of East Asia(EMSEA)

The ISRS 2018 in association with 34th Spring Symposium of KSRS is open to all scientists, researchers and students working in the fields of remote sensing, space science and technology, and its related geospatial information technology.

Important Dates

- Deadline for Abstract Submission: **9 February 2018**
- Deadline for Full Paper Submission: **16 March 2018**
- Deadline for Pre-Registration: **16 March 2018**

Abstract Submission

Papers reporting original and unpublished research results on various relevant topics are solicited. Authors will be notified of the receipt of submission via web site. All accepted papers in the track are expected to be presented and will be included in the conference proceedings. Participants to the symposium are kindly invited to submit their abstracts by **9 February 2018**.

Instruction for Authors: A 300-words abstract with the title of the paper, affiliation(s), and contact information of mailing address, phone/facsimile numbers, e-mail address, preference between oral and poster presentation, and participating student prize through the web site <http://www.isrs.or.kr>

*If electronic submission using the web site abstract form is not possible, please send the abstract via e-mail to ksrs@ksrs.or.kr

ISRS 2018

International Symposium on Remote Sensing 2018

20
18

Suggested Topics

1. Sensors and Platforms

- Optical Sensor
- Microwave Sensor
- Satellite Platform
- Airborne Platform
- Unmanned Vehicle
- Others

2. Remote Sensing Applications

- Land
- Ocean
- Atmosphere
- Water resources
- Food security
- Climate Change
- Public Health
- Hazard Mitigation
- Landslide
- Earthquake
- Fire
- Volcano
- Tsunami
- Others

3. Method development and Image Processing

- Data Fusion and Data Mining
- Calibration and Registration
- Feature Extraction
- Classification
- Change Detection
- Photogrammetry
- DEM/3D modeling
- Mobile Mapping
- Microwave and Lidar Processing
- SAR and InSAR Processing
- Others

4. New Technology

- Artificial Intelligence and Machine Learning
- Big Data from Space
- Internet of Things (IoT)
- Others

5. Geographical Information Sciences (GIS)

- Integration of Remote Sensing and GIS
- Mobile GIS
- Data quality and Spatial Data Standards
- Data Interoperability
- Social Media
- Cloud Computing
- Others

6. Global Navigation Satellite Systems (GNSS)

- GNSS application
- Indoor and Outdoor Navigation
- Location-Based Service
- Others

7. Education

- Capacity Building, Education, and Training
- Outreach
- Others

ISRS 2018

International Symposium on Remote Sensing 2018

20
18

Registration

All presenting authors must pre-register by 16 March 2018, in order to remain on the final program schedule. Registration fees include admission to all technical sessions, the exhibit and break areas, welcome dinner banquet, and a copy of DVD proceedings. To be eligible for the reduced student registration fee, students are required to send a photocopy of their student card and a certificate or a letter signed by their professor verifying their status with the registration by e-mail (ksrs@ksrs.or.kr).

Pre-registration form is available at <http://www.isrs.or.kr>.

On-site registration

On-site registration will be available during the symposium after online registration due date on **16 March 2018**.

	Pre-registration (by 16 March 2018)	On-site registration
Regular	\$ 120 (KW 120,000)	\$ 150 (KW 150,000)
Student	\$ 70 (KW 70,000)	\$ 100 (KW 100,000)

Student Competition

Best student paper awards are to be given to the winners of the student competition. The evaluation will be based on the judgment of the evaluation committee. The results will be announced during the closing ceremony on last day of the symposium (11 May 2018). If you want to enter the student competition, the first author of a paper has to be a student and prepare Oral/Poster presentation. Note that the first author of the Oral/Poster presentation should be a student so as to be eligible for the competition.

Interest and Questions

For other additional information, please contact KSRS office:

The Korean Society of Remote Sensing(KSRS)
#507 Excon Venture Tower, 3, Eunhaeng-ro, Yeongdeungpo-gu,
Seoul 07237, Republic of Korea
